PHOTOGRAPHS

John McKee

Bowdoin College Museum of Art
1973

From the dark
Wood path to
Quietly
Effulgence

New it is yet
And wild it is still
Wild lotus

On the pond
Air sung in
Sea pasture's
Spider thread

Mysterious
The butterfly
At blazed
Flower

This dying
In transparent
Wings
One sucks at leaves

Out of void
Fading to
Being and
Out into

Subtlety
Where hopes lie
In mountain's aura
Spin

Physiognomy
I
Vegetant
And flowered

—John Ladley
